

Cleaning of Cooling System

Job No.

50-2

On Models 180 to 220 SE the degreasing, scaling, and cleaning procedures for the cooling system are the same as on Model 190.

Anti-Freeze Solutions

Job No.

50-3

Only the commercial branded anti-freeze preparations should be used for the radiator. Details about suitable anti-freezes, the required mixing ratio for the individual models, and the corrosion inhibitors which can be mixed with the anti-freeze solution are contained in the latest brochure on fuels, coolants, and lubricants.
